Please contact your manager regarding housing opportunities with the Aspen Skiing Company. Other affordable housing options are available, it is essential that you look for housing as soon as possible. Housing in this area is very difficult if you wait until you arrive. Some of the properties are geared toward winter seasonal employees, so be sure to check on lease agreements. Many of the properties are familiar with the challenges of international workers who are trying to coordinate housing in advance. None of these are affiliated with Aspen Skiing Company, but many of our employees live at these properties. There are also several communities located 15 to 30 miles "down valley" from Aspen and Snowmass (Basalt, El Jebel and Carbondale) that tend to be less expensive.
